PROFILE

Creative digital designer seeking a position where I can utilize my skills to help create unique products and services. I am looking for an opportunity that will allow me to demonstrate my skills in visual design, interaction design, content strategy, and usability.

EXPERIENCE

BRAND DESIGNER INTERN PEAK EXPLORATIONS
Sept 2017–Jan 2018

- Redesigned company logo, business suite, and developed company's website to provide the brand a more professional and inviting atmosphere
- Created UX deliverables which included wireframes, prototypes, and mockups for web design
- Created UI specifications, including screen layouts, color palettes, and typography for web design
- Completed user research on emerging design trends and identified opportunities for improving web presence

PROJECT DESIGN INTERN INCEPT DATA SOLUTIONS
Oct 2016–Mar 2017

- Worked closely with clients to identify user needs and business requirements
- Designed brochures and business suites using Illustrator and InDesign
- Communicated design deliverables, templates, storyboards, and mockups
- Designed educational videos using After Effects, presenting a friendly and interactive experience for users
